NOW, THEREFORE, BE IT RESOLVED, that the Board of Supervisors hereby creates the Butte County General Plan Citizens Advisory Committee as follows:

Section 1. Purpose

The Citizens Advisory Committee will be charged with providing important oversight for the General Plan Update Process by systematically reviewing completed work, including draft goals, policies, and action programs, and generally providing feedback to staff and the consultant on the General Plan Update. The *Framework of Guiding Principles*, will be reviewed by the Citizens Advisory Committee, the Planning Commission, and approved by the Board of Supervisors, and will provide guidance during the General Plan update process. The Committee will also be charged with building community support for the Plan they are helping to create.

The Committee will be involved in reviewing the amount of growth anticipated under the various options and policies proposed, including General Plan alternatives and land use re-designations. The options will include selected alternatives to be evaluated under the Environmental Impact Report (EIR), a companion document to the General Plan required under the California Environmental Quality Act which will assess the environmental impacts of the General Plan Update. This work will culminate in a preliminary draft of a Preferred Plan which will ultimately be revised and refined by the Citizens Advisory Committee for presentation to the Planning Commission and Board of Supervisors as Butte County's Draft General Plan 2030.

Section 2. Citizens Advisory Committee Composition

A subcommittee composed of 2 Board members will: 1) Determine the size and composition of the Citizens Advisory Committee; 2) Review the applications (see attached Exhibit) of individuals who wish to serve on the Citizens Advisory Committee and make recommendations to the Board; and, 3) Make other recommendations as necessary.

The Committee will consist of non-elected representatives from several geographic areas of the County, and who will represent diverse interests and include individuals with a variety of skills and experience. Since the Planning Commission will serve to review work from the Citizens Advisory Committee, Planning Commissioners will not serve on the Citizens Advisory Committee but will review the Committee's work prior to the Board of Supervisors.

Section 3. Meetings

The Citizens Advisory Committee will meet as often as needed, but not less than once a month for a period of 12 to 24 months before the documents are ready for a series of meetings before the Butte County Planning Commission and Board of Supervisors. Meetings will be approximately 4 hours in duration; however, members may be required to serve on additional ad- hoc subcommittees concerning specific issues.

Section 4. Bylaws

The Citizens Advisory Committee shall recommend the adoption of bylaws concerning the functioning of the Citizens Advisory Committee for approval by the Board of Supervisors.

Section 5. First Citizens Advisory Committee Meeting

The Citizens Advisory Committee shall conduct its first organizational meeting on or about October 11, 2006 for the purpose of recommending the adoption of bylaws to the Board of Supervisors, setting its meeting schedule (the anticipated schedule is the second Wednesday of every month), and taking such other organizational actions as may be required, including the election of a Chair and Vice-Chair. The Secretary ("liaison officer") of the Citizens Advisory Committee shall be a non-elected office filled by an employee of the County of Butte designated by the Department of Development Services Director.

Section 6. Staff Support

The Department of Development Services' staff and members of the Consultant's team will provide support to the Committee to develop agendas, minutes and other required materials while working in conjunction with the Committee's elected Chairperson. The Director of the Department of Development Services shall act as "liaison officer" to the Citizens Advisory Committee for purposes of complying with the Maddy Act.

Section 7. Compensation and Budget

Members of the Citizens Advisory Committee shall serve without compensation but may be reimbursed for actual expenses incurred within the limits of a budget approved by the Board of Supervisors. The Citizens Advisory Committee shall submit a proposed expense budget annually to the Board of Supervisors for consideration and possible approval by the Board, to the extent that funds are available.
