Re: Area 26 (Las Plumas/Southside)

After much public input the City of Oroville has selected a preferred alternative in their general plan update process. Area 26 is in the City's sphere of influence. Please choose the City's preferred alternative as currently published for area 26. The City of Oroville's "Draft 2030 General Plan Land-Use-Designations" Map.

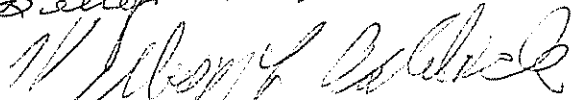

Also thank you to the CAC, County Development staff and DC&E consultants for the clarified version of alternative two which provides a much clearer vision for the area. It is felt to better represent the area residents and landowners that participated in the general plan update process. We have owned property in the area for nearly thirty years. Please choose the City's currently published preferred alternative for area 26. Our second choice is alternative #2 as revised.

Sincerely,

Jeff Ashlock 4/12/2008
