MEMORANDUM

DATE April 24, 2008  
TO Citizens Advisory Committee Members  
FROM DC&E  
RE **Additional Errata for 4/24 Chico-Area Meeting**

In addition to the error described in the errata memo included in your packet, there are two more errors in the Alternatives Evaluation Report that pertain to the study areas we will be discussing at the April 24 meeting in Chico. These are described below for your information.

- ◆ **Study Area 15:** The summary table for Study Area 15 on page 58 includes incorrect scores for schools for Alternatives 2 and 3. Alternative 2 should receive a C and Alternative 3 should receive a D. The text within the analysis chapter for this study area is correct.
- ◆ **Study Area 15:** The description of Alternative 1 for Study Area 15 on page A-26 of Appendix A incorrectly indicates that the alternative follows the existing General Plan by designating the entire study area for Agriculture. Although the majority of the study area is currently designated for Agriculture, a 52-acre parcel in the southwest corner of the study area along Highway 99 is currently designated for Industrial.
