Subject: General Plan, Durham

Hello, Mr. Breedon,

We have been unable to attend the General Plan meetings but would like our opinion known. We live on Turner Lane in Durham. We oppose any residential development on the west side of Turner Lane to preserve our rural lifestyle and the prime agricultural farmland. We grow walnuts on our property and the increased traffic, both vehicular and human, will pose threats to our crop. Dust, traffic, trespassers (primarily children looking for a shortcut to the schools, which we already experience), and the increased use of ground water are not compatible with the existing area.

Thank you.

Barbara and Jon Noble
9272 Turner Lane
Durham, CA
