My Comments: Areas 14 + 15

I would like these areas maintained  
as agriculture - open space - wildlife  
corridor/habitat.

The appeal of Butte County is the  
landscape/open space. I would like  
to see development concentrated in already  
existing areas - not sprall or in open land.

I also have concerns about potential  
pollutants - water/air quality maintainance.

I have lived in California (Northern) all  
my life and have seen the changes. Please  
maintain the beauty, wildlife, air + water  
quality of Butte County.  
open space
