

September 17, 2009 Public Workshop Short Meeting Summary

The first Public Workshop of Meeting Series #7, which was devoted to the review of the Draft General Plan 2030 document, was held on September 17, 2009, from 5:00 pm to 8:00 pm at the Energy Farm, 2015 Challenger Drive, Oroville. The Public Workshop was provided for members of the public to become familiar with the Butte County General Plan 2030 Public Draft document and provide input to staff and decision-makers. The meeting was attended by approximately 55 members of the public, including 9 members of the Citizens Advisory Committee.

The workshop included presentations on the Butte County General Plan 2030 process and an overview of the Butte County General Plan 2030 document, which included a detailed look at all of the Butte County General Plan 2030 goals. A time was provided for questions and answers, including an informal period when members of the public provided written comment cards and asked questions of staff. A facilitated discussion took place with those present during which individual comments from participants were recorded, and questions were answered by staff.

Comments gathered at this meeting will be provided to the Citizens Advisory Committee as well as the Board of Supervisors and Planning Commission. A more detailed summary of comments provided at the meeting will be posted to the General Plan 2030 website soon.
